

Vision and Mission

The vision and mission of **Mahamaya Government Degree College, Mahona, Lucknow**, under the able leadership of Principal Dr. Sahla Nusrat Qidwai, is to emerge as a leading rural institution of higher education committed to providing inclusive, accessible, and quality education in **Arts (BA)**, **Science (BSc)**, and **Commerce (BCom)** to students from rural, semi-urban, and economically weaker sections of society. The college envisions empowering young learners with sound academic knowledge, critical thinking, ethical values, and social responsibility so that they may contribute meaningfully to nation-building and sustainable development. Situated in a rural area, the institution is dedicated to bridging the educational gap between rural and urban learners by offering opportunities for higher education close to students' homes, especially for first-generation learners and girl students. Its mission is to foster holistic development by creating a learner-centric environment that encourages intellectual curiosity, scientific temper, creativity, and moral integrity. The college strives to impart value-based education through effective teaching-learning practices, and continuous academic mentoring, while also promoting co-curricular and extracurricular activities for personality development. Emphasis is laid on skill enhancement, employability, and self-reliance through academic programs, career guidance, and community-oriented activities. The institution also aims to inculcate discipline, leadership qualities, respect for diversity, and a sense of civic duty among students, preparing them to face contemporary social and professional challenges with confidence. By optimally utilizing available resources, strengthening infrastructure, and encouraging faculty development, the college remains committed to academic excellence and continuous improvement. In alignment with national educational goals, Mahamaya Government Degree College seeks to nurture responsible, enlightened, and socially sensitive graduates who uphold democratic values and contribute positively to society, thereby fulfilling its vision of transforming rural youth into capable, confident, and conscientious citizens.
